## 'Derek Stone Memorial' 12 Car Rally - Friday 22<sup>nd</sup> February 2008

Thank you for your entry your start number is as per the entry list below.

Please report to the start at Essex Regiment Way Golf Centre, Pratts Farm Lane, Little Waltham, MR 716119.

Signing on will start from 7.15pm, Beginners will receive their clues 15 minutes before their due start time.

Car 1 will leave the start at 20:01 hours

---

As many of our Essex roads get significant use for 12 car events, this route uses roads that we do not get to use that often. Whilst some of the roads are excellent, many do not link nicely hence you will be going through some villages such as Salcott cum Virley, some speed limits (there appear to be more and more) and use of B roads that I would not normally expect to use but I hope you will enjoy what there is.

#### Quiet Zones

All 30mph and 40mph areas are to be treated as quiet zones in their entirety, plus

817½090¼ 200m radius	832108½ 200m radius	North Half 8411	8511	SW¼ 9009	
North Half 9211	NW¼ 9311	SE ¼ 9312	SW¼ 8917	North ¼ 9417	880171 200M radius

Please **DO NOT** use spot lights or excessive noise in any of these above areas nor approaching or leaving bends and junctions where there are houses. Please drive quietly and sensibly in all such areas.

Gavin Leech is the Driving Standards Observer and will be out in a least 2 of the above locations

Black Spots 811098 100m radius

PLEASE MAKE SURE THESE ARE ALL MARKED ON YOUR MAP. MAPS WILL BE CHECKED AT THE START

---

There are one or more LWRs, Long Way Round the grass triangles in the middle of road junctions. Some may have code boards the correct way round, some will have nothing and are there to slow you down. There will be no LWR near housing.

---

Your start time will be shown in the third box to the right of the Start control. Your due time at future controls will be shown in the third box to the right of the relevant control. If you have been late at an earlier time control (i.e. you have moved along the card to the right) and arrive early at a control you may make up some of the time by moving back to the left but no more than the number of minutes specified in the 'Make Up' column of the timecard.

Code boards should be recorded in the boxes on the timecard. Marshals will counter-sign empty boxes on the timecard.

**Please remember that you MUST wait outside the control area if you arrive early.**  
**You will be timed as you pass the control board**

### Additional Information

The route is very accurately timed at 30mph, so Beginners/Novices, please take this into account. There is no need for excessive speed or to deviate from the road surface and make unplanned visits to parts of the Essex countryside.

Semi-Experts should note that the clues reflect those currently most recently used on plot and bash type navigational rallies.
