

EACS Endurance Road Rally

Results Commentary

Congratulations to Jamie Turner & Dan Harrison for their convincing win in this year's EACS Endurance, ending four years of domination by Owen Turner / Andrew Dadswell who this year 'only' finished 3rd. Separating the brothers was a fine run from Ian Mephram / Samm Keely – one of many crews who kept smiling all day.

The summary of your feedback forms is tabulated below. It's clear that the night route was not what most of you (or us) had hoped for; a combination of circumstances reduced significantly the available mileage. However, the good news is that the local Forestry Commission are very supportive of our rally and we have already identified extra tracks that we can use, a way round some of the public rights of way issues and we have a cunning plan to run the 'Sandy Woodbridge' test in the dark, followed by a similar track at the other end of the runway that links through the back gate straight into the forest.....

SSSI bird-nesting restrictions (another problem that surfaced prior to the rally) mean that we will not be able to run in March next year, so we have our eye on Saturday 6th November 2010 – I think you'll all agree that the Ipswich hotel bar will be a good place to finish the championship. We look forward to seeing you all (and some more) again next year!
