Competitors Bulletin

Time Penalty

This item in the regs has provided a discussion point! It was never our intention to fully implement this rule. Why put in the regs you may argue. The intention was to show how difficult it is to recruit marshals and persuade them to stand on an airfield in the middle of January!!

A number of competitors have made a valiant effort to provide a marshal and we thank you for your efforts. Now, we cannot let those of you who have not found a 'volunteer' off the hook so easily.....

We have decided that any crew who has not provided a marshal shall have to submit a team entry. You can be part of any team.

So, we expect fierce competition for the team award!
Small price to pay we think.

Tyres

Another point of contention..... We will NOT allow the use of SLICK tyres. This is a Gymkhana, not an International Rally, Stage event or test day for the new season. It was always our intention to highlight this in the final instructions. So, to give you budding racers time to find some rubber with tread, we have decided to release the information early!!

Once again we would like to stress this is a FUN event and should be approached as such. Normal 'Blue Book Rules' do not apply!!

Look forward to seeing you all on the day

The organising team.
