Just a few brief words:

Many, many thanks to the following – **Paul Barrett** for correcting my navigation and running course-opening car with **Lee Earthy**. **Tom Peddle** for TC1, also having a look at the navigation and running course closing car with me. **Brian Petty** for TC2, even though he was moved at the last minute due to an unexpected road closure. **Dave and Liz Everett** for TC3. **Anthony Clegg** for TC4, who drove to Somerset directly after the event. **Richard Turnbull** for TC5 and **John Vallence** for TC6. Also thanks to **Ian Agnew and his daughter** for running a manned PC.

I think everyone enjoyed the event and I expect we will be back next year.

Gavin and Jacqui Leech.
