WUW

Novices/Beginners

From TC9 at MR W622132¼ESE, proceed to TC10 at MR SW644124NE via the following which are colours of all the roads when viewed from the centre of the junction, for example YYY is a junction of a yellow road with another yellow road. The first letter denotes the colour of the road you are on and last the colour of the road on which you leave. For example YRR is approach on the yellow road and leave the junction travelling on a red. For this clue you always need to look a few junctions on to make sure the route works.

Section 10

Car No: _____

Driver: _____

Navigator: _____

CRO

Novices/Beginners

From TC10 at MR SW644124NE proceed to TC11 at SE680115 via the following herringbone in the direction of the arrow. From the dot, if the first line is on the left you must not turn left, which is either straight on or if the junction is on the right, to not turn left means you must turn right. A line straight across is a cross road where you must not turn left or right, in other words go straight on, if it was an upturned V on the right, this means do not turn right twice so you turn left.
