

## Midsummer Endurance Road Rally 9/10 June 2007

### Results Commentary

Congratulations to Owen Turner and Andrew Dadswell for a hat-trick of wins on the EACS Midsummer Endurance – this time by a very large margin indeed after front-runners Jamie Turner / Matt Fowle and Mark Banham / Paul Haylock suffered from the bumps and Matt Endean / David Leadbetter got stuck on the rather too deep ruts on Peddars Way at dawn. Mike Biss had Cath Woodman complaining about not driving fast enough, but it seems he paced himself perfectly to take second overall – everyone else who tried to take the mighty Owen Turner fell by the wayside.

The summary of your feedback forms is tabulated below. Overall the efforts that Jim Bowie and many others put in to securing five new selectif venues paid off with some fabulous challenging tests. Moving the event to north Norfolk was a success and next year we have secured Fakenham Racecourse for the supper halt. However the night route was not well received – many of the whites were smoother than last year but with hindsight some should not have been included. A major re-think is underway for next year's event; we look forward to seeing you all in June 2008 – keep an eye on the club website for more information.
