INTRODUCTION

Welcome to the 42nd running of the **Preston Rally**, sponsored as always by Preston's Garages Ltd of Writtle, Chelmsford, Essex.

In keeping with the last 22 years, this year we will once again be supporting the East Anglian Air Ambulance charity.

This year's **Preston Rally** will follow the established format. Timing will be more generous than last year. We will continue with having make-up time between sections, this will ensure that other than mechanical failure all crews should stay within overall time limits.

The route will be around 200 miles of which over 110 will be on loose surface tracks. To cater for the demand for entries we have decided to keep the maximum number of entries to 90 following last year's successful event.

Snetterton circuit will once again be our start and finish venue. Trailer parking will be available at Snetterton with 24 hours site security. Don't forget Snetterton has an Esso Petrol Station at the A11 exit on the track side. We will again be using the circuit for noise test; however scrutineering will be by self-certification, with a visual external check at the circuit and possibly some random full checks. As with the current situation Tyrells Restaurant will not be available to us for pre event food, breakfast and awards. Should this change we will of course inform you. There is a McDonald's, Greggs, Subway and garage snacks at Snetterton services, but please do check opening hours of each. (We are following the Motorsport UK & Government Covid requirements shown in these Regs, the final instructions will be emailed to competitors before the event detailing which Snetterton facilities can be used).

The entry fee includes two digital photos courtesy of M&H Photography.

The route itself will continue to be challenging, with the accurate timing used in previous years. There will be the occasional horrendously overgrown narrow bits, numerous bumps, yumps and thumps, puddles you can hide a submarine in and the infamous Preston mud! Unless it is frosty, mud is guaranteed. As the saying goes, "it's only the depth that varies". Furthermore, all this will be within a max 8 miles of the A11 all on Map 144. Around 200 miles in total with 2 petrol halts. Currently there will be around 19 sections with the 'mileage that counts' amounting to approximately 110 miles and as ever about 99% of that will be un-surfaced.

The Preston is a 'navigational rally' and as such the navigator will have a significant role. To aid navigators we will once again provide relevant section maps/diagrams in A4 size.

As always you are all advised to prepare yourselves and your cars in the traditional 'Preston way'. Regulars will know what this means. If you are new to the Preston, everything that you've heard, and more, is true!

We require that all entrants carefully read and fully understand these Supplementary Regulations, especially SR 8 (concerning entries). Get your entries in quickly as they are sure to be in great demand as usual. Please note that Final Instructions will be published on the CMC website only, and not sent by post.

Due to the current COVID-19 pandemic there will be differences compared to previous Prestons. Full details aligning with government and Motorsport UK guidelines will be announced in the final instructions.

This event is a Clubman event, which this year requires a Motorsport UK RS Clubman (or higher) competition licence. The RS Clubman licence is free - apply for one here:

<https://www.motorsportuk.org/get-started/2020-rs-clubman-licence/>

With recent change that has removed the need to display tax discs, it is your responsibility to ensure that the vehicle is taxed and MoT'd if applicable.

Competitors are reminded to read the instructions especially in relation to the use of 'Headsets'; we will need to see your Motorsport UK approval for the current year.

In recent years we have received reports of one or more competitors using a 'chase car and/or external service crew'. We would hope this rumour is unfounded but just in case, anyone caught using the services of a chase car or receiving external service support will be excluded. This is not in the spirit of this event and the organising team are very mindful to keep this event within the rules of a navigational road rally. In particular trolley jacks appearing out of non-competing cars are not allowed. Official recovery crews will of course be able to assist recovering your cars if needed.

As always we need many marshals, so if you cannot compete, please register as a marshal using the link on the right hand side column of the website under 'Marshalling Events' or contact Dan Pearson or Brian Hemmings, their contact details are given later in these regulations. Marshalling is a vital role for any event and the Preston requires about 100, so you will be very welcome and very much appreciated. Those of you intending to enter, please try hard to get some friends to marshal.

Whatever your role, we look forward to welcoming you all on the big night!

COVID-19 summary of requirements

In order to run the event safely in the current circumstances, it has been necessary to introduce a number of changes for the safety of the competitors, marshals and organisers. These regulations have been compiled using the Motorsport UK and Government Guidelines as at the time of writing.

A summary of the measures introduced are:

BEFORE THE EVENT

A requirement that competitors do not enter if they, or anyone that they have been in contact with, have displayed Coronavirus symptoms in the 14 days prior to the event, and to sign a declaration to that effect.

If you are in a vulnerable category or have been asked to self-isolate please do not enter.

If you, or anyone you are in contact with are unwell before the event, do not attend.

If you are uncertain about any of the above measures, please do not enter this event.

Online entry and payment only. Electronic documentation in advance.

Pre-event declaration for signing on, with remote checking of licences and possible Motorsport UK verification.

Pre-event scrutineering self-declared with external visual checks, and possible random internal checks on the night. Also DVLA checking of MOT's and road fund licence.

With legislation and guidance changing regularly, having to cancel the event is always possible. In the event of cancellation the competitors may withdraw their entry with a full refund, alternatively competitors may keep their entry in, which will be valid for the 2021 Preston Rally, entries maybe withdrawn with a full refund up to the closing date of entries for the 2021 Preston Rally.

DURING THE EVENT

A dedicated Covid-19 officer (Dave Saint) will be present to ensure that these measures are adhered to.

All present must comply with any request from the Covid-19 officer.

Only the crews, marshals and organisers are allowed on the event – no spectators, no mechanics and no friends will be permitted. This is to ensure that the list of people present is full and complete in order that Test & Trace can be implemented if needed.

Prospective competitors must agree to the following:

1. Comply with the social distancing of '2 metres plus' at all times where applicable.
2. Comply with government guidelines when at rest halts.
3. If you believe you are personally exempt from wearing a mask please do not attend.
4. Every vehicle to carry hand sanitiser, 60% alcohol content for use by the occupants, noting the flammable nature of the sanitiser and that hands must be fully dried before coming into contact with sources of ignition, such as smoking. As an alternative, wipes with a minimum 60% alcohol content are acceptable.
5. Facial covering for all competitors while occupying the competing car, unless you both reside at the same address.

Facial coverings: All competitors, marshals and officials must comply with the Motorsport UK/Government requirements regarding the wearing of facial coverings applicable on the night of the event.

Please follow the links at the end of this bulletin for the latest official guidelines.

During an event only the crew members may sit in the car. Toilets with hand sanitisers will be available at the start/finish and rest halts.

AFTER THE EVENT

If any attendee on the day feels unwell with possible Covid-19 symptoms or tests positive for Covid-19, they **MUST** contact the organisers so that they can alert other attendees of the situation.

All the above is subject to change from Motorsport UK / Snetterton Circuit / The government, the very latest will appear in the finals prior to the event.

This marking will be done by the Clerk of the Course personally, who is an experienced road rally competitor.

In addition to the requirements of the GRs, participants are advised that for the sake of maximum possible safety, given that much of the event traverses rough unsurfaced roads, the organisers think it wise to use, and recommend the use of, a vehicle fitted with safety equipment such as a 'roll cage', 'bucket' seats, 'harness' seat belts etc., to carry suitable fire-extinguishers, and mobile cellular telephones for communications in the event of emergency. Competitors will be required to carry water and a cloth/sponge to ensure that lights, number plates and windscreen are clean when travelling on all neutral and transport sections.

Vehicles must have interior trim and seats as when first made, although carpets can be removed.
- (ix) 'Sun-strips' bearing any writing or markings WHATSOEVER will not be permitted on either front windscreens or rear windows of participating vehicles; PLAIN 'sun-strips' (i.e. with no writing or markings whatsoever), are permissible.

[J 5.18] Parts of the silencing system of a temporary nature will not be allowed.

Tyres suitable for mud/gravel/grass/fields are needed for this event.

Motorsport UK rules require that "Tyres marked for "competition use" are not permitted with the exception of tyres on List 6".

List 6 is forest rally tyres - See list 6 here: https://chelmsfordmc.co.uk/files/cmc/Preston/20/2020_List6.pdf

Having finished or withdrawn from the event participants will be required to complete and sign a Damage Declaration form, supplied by the organisers **together with the maps/diagrams supplied at MTC1** Any information given will not incur a penalty, but failure to hand a duly completed form and the maps/diagrams issued at MTC1 will be penalised with exclusion. **Participants will not be classified as finishers unless the declaration is submitted at the final time control along with their time card** (inside the finish venue). 24. Driving Standards Observer (DSO)

The official DSO will be identified by means of a plain white decal on each side of the car. In accordance with the GRs of Motorsport UK, they will be deemed a Judge of Fact, and a DSO as per R 8.3 With regard to the former, and at his absolute discretion, the DSO shall be empowered to exclude participants, either by immediately withdrawing their Time Cards and instructing him/her not to proceed, or by informing the Clerk of the Course at the earliest practical opportunity.

The DSO shall exercise such powers in respect of any participants employing auxiliary lights in a Quiet Zone (other than in conditions of fog or falling snow), undue noise, damage to vehicle, speed, or failing to stop at a give-way junction, or the wearing of crash helmets on the public highway, or any behaviour deemed detrimental to good public relations during the event.

25. Reconnaissance

If you are seen on **any** private land used on this years' Preston, whether driving or otherwise, you will be refused a start with no refund and will be reported to Motorsport UK. If you are not sure what is public and what isn't then DO NOT RISK IT. We feel we must take a firm stance on this as a huge effort goes into organising the Preston and we will not tolerate anyone jeopardising any part of it. We have alerted the landowners to this potential problem.

26. Servicing

Servicing by anyone other than the crew and fellow competitors is not permitted on the Preston. Any competitor observed with a servicing vehicle on the event will be excluded. All towing and any other vehicles accompanying competitors must be declared to the entry secretary before the event, with the names of the occupants and the registration details of the vehicle.
