INTRODUCTION

Welcome to the 48th running of the **Preston Rally**, sponsored as always by Preston's Garages Ltd of Writtle, Chelmsford, Essex.

This year's event is rather exciting with a festive start and finish venue in the heart of the forest at the High Lodge Visitor Centre. We have access to a large area of the Stanta military training area again this year with some superb sections where around 80% of the rally will be based. This will be split by some Preston favourites with first petrol at the A11 Thetford bypass southbound and second petrol at Snetterton services on the A11. The Stanta sections will all be a mixture of tarmac and gravel including running through the deserted villages.

We will be expanding on the use of codeboards and chicanes this year to keep the speeds down. These will be obvious and clearly marked.

In keeping with the last 28 years, this year we will once again be supporting the East Anglian Air Ambulance charity.

This year's **Preston Rally** will follow the established format. Timing will be similar to last year. We will continue with having make-up time between sections, this will ensure that other than mechanical failure all crews should stay within overall time limits.

The route will be around 200 miles of which around 120 will be competitive with 70 miles on closed tarmac roads within the Stanta military training ground and 50 on private loose surface tracks.

The entry fee includes two breakfasts, also included is a full colour A3 printed road book.

The Preston is a 'navigational rally' and as such the navigator will have a significant role. To aid navigators we will once again provide relevant section maps/diagrams within the road book.

As always you are all advised to prepare yourselves and your cars in the traditional 'Preston way'. There can be mud and water on many of the sections.

We require that all entrants carefully read and fully understand these Supplementary Regulations, especially SR 8 (concerning entries). Get your entries in quickly as they are sure to be in great demand as usual. Please note that Final Instructions will be published on the CMC website only and not sent by post.

Competitors are reminded to read the instructions especially in relation to the use of 'Headsets'; we will need to see your Motorsport UK approval for the current year.

The Preston route is much smoother this year but still has around 10 recovery crews on the event, their safety is a priority. (See 17 xxiii)

We also plan to have an area set aside during the route which you will **visit several times** where organisers assistance (Ian Mephram & **Clark Gosling**) will be provided to help crews make repairs on cars, there will be a time allowance **for these sections**. If the crew are unable to continue our recovery crews will aim to get you to the section finish and we have trailers available to return you to High Lodge finish.

In previous years we have received reports of one or more competitors using a 'chase car and/or external service crew'. We would hope this rumour is unfounded but just in case, anyone caught using the services of a chase car or receiving external service support will be excluded. This is not in the spirit of this event and the organising team are very mindful to keep this event within the rules of a navigational road rally. In particular trolley jacks appearing out of non-competing cars are not allowed. Official recovery crews will of course be able to assist recovering your cars if needed.

As always, we need many marshals, so if you cannot compete, please register as a marshal using the link on the Chelmsford MC website or contact Marcus Keeble, details are given later in these regulations. Marshalling is a vital role for any event and the Preston requires about 100, so you will be very welcome and very much appreciated. Those of you intending to enter, please try hard to get some friends to marshal.

Whatever your role, we look forward to welcoming you all on the big night!

All participants must produce a valid club membership card, which will be inspected at signing-on (electronically).

6. Championships

The event is not a round of any championships.

7. Details of Event

The Start and Finish is at High Lodge, Thetford Forest, Brandon, IP27 0AF – Map Ref (144) 81123 85184. Total mileage will be approximately 200 miles (120 competitive) on all classes of road (a high percentage being unsurfaced); the route will be divided into 3 legs. Fuel requirements for each leg will be advised at the Start.

Noise test will commence at 18:00 hours, followed by main scrutineering. Participants must report to the noise test first, at 18.00 plus their start number in minutes. Participants not signed-on one hour before their due start time may be excluded. A detailed briefing will be sent electronically prior to the event. Crews will start the event at one-minute intervals at 22:00 + car number.

This time schedule will be confirmed in the Final Instructions.

The Final Instructions will be published on the Chelmsford Motor Club website only (chelmsfordmc.co.uk), on Monday 7th December 2026. These are deemed to be part of, and carry the same force, as these Supplementary Regulations. A copy of the relevant COVID-19 guidelines applicable at the time will also be distributed with the Final Instructions which will have to be adhered to.

The event will contain Standard, Transport, Regularity and Neutral sections on private land and the public highway. Cars will be identified by their registration number, and by 'start number' stickers supplied by the organisers.

The route will traverse O.S. Landranger Map 144, (latest edition). At the Start (MTC1) the organisers will issue high-quality colour map/diagrams, reproduced under licence, marked comprehensively for the off-road sections. This marking will be done by the Clerk of the Course personally, who is an experienced road rally competitor.

In addition to the requirements of the Motorsport UK National Competition Rules, participants are advised that for the sake of maximum possible safety, given that much of the event traverses rough unsurfaced roads, the organisers think it wise to use, and recommend the use of, a vehicle fitted with safety equipment such as a 'roll cage', 'bucket' seats, 'harness' seat belts etc., to carry suitable fire-extinguishers, and mobile cellular telephones for communications in the event of emergency. Competitors will be required to carry water and a cloth/sponge to ensure that lights, number plates and windscreen are clean when travelling on all neutral and transport sections.

We would like all crews to bring Hi Viz vests and wear them if they are out of the vehicle for any length of time during the event, especially if they are stuck or broken-down awaiting recovery. We will be issuing advice as to keeping recovery crews and competing crews safe in the final instructions.

8. Entries

The maximum number of entries is 90, the minimum is 47. Should this figure not be reached, the organisers reserve the right to cancel the meeting.

The entry fee is £290. This includes two breakfasts and full-colour map/diagrams. Chelmsford Motor Club will also be donating £10 per entry to the East Anglian Air Ambulance charity.

Entries open at 9am 1st October 2026 via the website at (chelmsfordmc.co.uk). Entries will only be accepted with payment in full. Payment must be by bank transfer. Entries close at 12:00 on Monday 7th December 2026.

Accepted entries cancelled before 12:00 on Monday 7th December 2026 will be refunded in full. A refund of the entry fee after this date will be at the organisers' discretion and after deduction of all costs incurred.

Route information will be issued to all participants in the form of a Maps/Diagrams at MTC1 at their scheduled time. These documents will enable participants to comply with Ch.13 App.2 Art.4.1c. Participants will be required to make up lateness at the rest halts and possibly at other points along the route, as indicated in the Timecards. Manned controls will have a board at the control location. In the event of a control or passage check being unmanned, it will be replaced by a code-board, which should be entered in the appropriate space on the timecard. Code-boards at TCs automatically convert them to route checks. It is the responsibility of the crew to correctly record all code-board letters.

14. Give Way Junctions

At all junctions so notified to participants, the car must have ceased forward motion *within* a 3m distance *prior* to the white line (or where the white line would normally be positioned). Judges of Fact will be on duty at some Give Way junctions to ensure compliance.

15. Timing

Timing will be from marshals' clocks using the scheduled time system, as per Ch.13 App.5 Art.7 and Art.10). Timekeepers will be judges of fact. There will be five types of sections as follows:

16. Boards

The following boards will be used during the event:

'NO'	To define a barred route.

'!	To warn of an unmarked hazard.
'->'	To advise keeping right.
'<-'	To advise keeping left.
DIP	Means DIP lights, not dip in road
'Control'	To define the entry to a time control, passage check, or secret check.
DSO	Driving Standards Observer

- (ix) 'Sun-strips' bearing any writing or markings WHATSOEVER will not be permitted on either front windscreens or rear windows of participating vehicles; PLAIN 'sun-strips' (i.e. with no writing or markings whatsoever), are permissible.

20. Scrutineering & Noise

Cars will be tested for noise, roadworthiness, eligibility and vehicle regulations [Ch.7 App.8 Art.2]. At least two noise checks will be established in accordance with Ch.13 App.1 Art.7, one of which will be at the start of the event. Cars exceeding 98dB at 0.5m at 2/3rd max engine rpm will not be allowed to start [Ch.7 App.8 Art.3]. Parts of the silencing system of a temporary nature will not be allowed.

Tyres suitable for mud/gravel/grass/fields are needed for this event.

Motorsport UK rules state that **"Tyres marked for "competition use" are not permitted with the exception of tyres on List 6"**.

List 6 is forest rally tyres – see here: https://chelmsfordmc.co.uk/files/cmc/Preston/26/2026_Permitted_Tyres_List6.pdf

Tyres such as Maxsport RB1 are still OK to use as they do not say "competition use" on them.

22. Damage Declaration

Having finished or withdrawn from the event participants will be required to complete and sign a Damage Declaration form, supplied by the organisers **together with the maps/diagrams supplied at MTC1**. Any information given will not incur a penalty, but failure to hand a duly completed form and the maps/diagrams issued at MTC1 will be penalised with exclusion. **Participants will not be classified as finishers unless the declaration is submitted at the final time control along with their timecard** (inside the finish venue). Those who do not complete the event are required to forward their completed declaration and timing equipment (Ch.13 App.5 Art.6.4) to the Entry Secretary within 72 hours of the finish of the event.

23. Judges of Fact

Judges of fact will be defined at the start of the event. All signed-on marshals will be judges of fact, expressly for checking cleanliness of lights, number plates and front and rear windscreens on transport and neutral sections and can therefore apply the penalties in 18(i) above.

24. Driving Standards Observer (DSO)

The official DSO will be identified by means of a plain white decal on each side of the car. In accordance with the GRs of Motorsport UK, they will be deemed a Judge of Fact, and a DSO as per Ch.13 App.2 Art.3.7 With regard to the former, and at his absolute discretion, the DSO shall be empowered to exclude participants, either by immediately withdrawing their Time Cards and instructing him/her not to proceed, or by informing the Clerk of the Course at the earliest practical opportunity.

The DSO shall exercise such powers in respect of any participants employing auxiliary lights in a Quiet Zone (other than in conditions of fog or falling snow), undue noise, damage to vehicle, speed, or failing to stop at a give-way junction, or the wearing of crash helmets on the public highway, or any behaviour deemed detrimental to good public relations during the event.

25. Reconnaissance

If you are seen on **any** private land used on this years' Preston, whether driving or otherwise, you will be refused a start with no refund and will be reported to Motorsport UK. If you are not sure what is public and what isn't then DO NOT RISK IT. We feel we must take a firm stance on this as a huge effort goes into organising the Preston and we will not tolerate anyone jeopardising any part of it. We have alerted the landowners to this potential problem.

26. Servicing

Servicing by anyone other than the crew and fellow competitors is not permitted on the Preston. Any competitor observed with a servicing vehicle on the event will be excluded. All towing and any other vehicles accompanying competitors must be declared to the entry secretary before the event, with the names of the occupants and the registration details of the vehicle.

All supporters attending the event can assume they will be invited to marshal.

27. Insurance

Competitors are responsible for ensuring they have appropriate insurance cover in place for their activities whilst travelling to and from the Event, as well as during the Event itself.

The Motorsport UK Master Public Liability policy provides third party cover for activities falling under the Event Permit, but this policy specifically excludes any form of Road Traffic Act liability.

An additional third party "top-up" insurance policy, administered by Motorsport UK, is available to add-on for this Event which offers cover for Road Traffic Act liability for any sections of the Permitted Event that take place on the public highway. This policy provides cover to compliment but not replace your own motor insurance.

The acceptance criteria for this scheme are as follows:

- Drivers must be aged 19 years or older
- Drivers must be UK residents for over 1 year, and have held a Full UK Car Licence for at least 6 months
- Drivers must have not been banned from driving in the last 5 years, and no criminal convictions
- Drivers must have no more than 6 penalty points on their licence and/or no more than 1 fault motor claim in the last 3 years in their history
- Drivers must be a named driver on a valid motor insurance policy for the vehicle they are driving
- Drivers must not already have the 3rd Party Extension (top-up) for Road Sections cover already on their existing motor policy
- Vehicles must have a valid MOT and taxed for the road (unless exempt from doing so)
- Vehicles must be road going/road legal and have a UK Registration Plate assigned and attached
- Vehicles must be in the custody or control of the competitor and be participating in a motorsport event permitted by the Policyholder (Motorsport UK Association Ltd)

Competitors who do not comply with any of the above criteria must contact Kingfisher Motorsport at motorsportuk@kingfishermotorsport.com as early as practically possible in advance of the event to discuss their application to confirm whether cover can still be offered and whether there are any additional terms.

All Competitors will be required to sign a declaration before the Event to confirm that they either have adequate insurance cover for the Event or need cover under the Motorsport UK top-up policy. If they do not meet the minimum eligibility criteria, they must have referred themselves to and been approved by Kingfisher before the start of the Event.

Those Competitors who do require cover under the Motorsport UK top-up policy will be required to pay the organisers an additional fee to cover the Motorsport UK permit surcharge.

The basic rate per driver for the Insured event, before any loadings is **£60**.

Marshals

As always, we need many marshals, so if you cannot compete, please register as a marshal using the link on the Chelmsford MC website or contact the chief marshals, details are given below. Marshalling is a vital role for any event and the Preston requires about 100, so you will be very welcome and very much appreciated.
