

COMPETITOR BULLETIN 2

Including Final Instructions for Competitors

1 ROUTE AUTHORISATION

Motorsport UK Route Authorisation has been issued in respect of application 29419SE6

2 FINAL INSTRUCTIONS

Welcome to the inaugural running of the Dengie 100 Targa Rally. Your start number is published on the seeded entry list [Entry List ~ The Dengie 100 Targa](#). Please see attached Start Venue Overview map, and make your way to Bradwell-on-Sea Airfield for Noise and Scrutineering from 07:45 onwards, this will close promptly at 09:10 so we would advise that higher car numbers arrive by 08:30 at the latest.

On your arrival, please park support cars and trailers as marked on the Start Venue Overview map, this is either side of the main airfield perimeter road (marked Weymarks Rd). The sides of the road look grassy but there is a hard surface below. Please do not obstruct the main road as this is a public access road. Once safely parked, offload your car and go to the Noise Check. Once successfully passed Noise, then go to Scrutineering as shown on the Start Venue Overview Map.

Once you have passed scrutineering, please park neatly in the Paddock in car number order as per the attached Paddock Area map, and then report to documentation and signing-on. You will not get your road book until after you have attended the Drivers Briefing at 09:15 which will be held outside Rally Control, at the end of the Paddock.

3 ROUTE AMMENDMENTS

There is a road closure on our planned road section in the Competitor's Roadbook at Southminster. We are hopeful that the road will be opened by Sunday, but just in case, we have prepared a map showing the authorised route diversion for you to mark in your road books. You will get this at signing-on.

We have also had to shorten one of the tests as the field margin we were planning to use has been ploughed-up in error, after the printing of the roadbooks. We have printed amended test diagrams which will also be handed out at the signing-on desk, and which replace those in your competitor's roadbook.

4 REMINDERS

You are reminder about driving quietly, at low-speed and complying with Stop and Give-Ways on all public road and private road sections not within a test, especially when passing housing.

Please make good use of the Hot and Cold food facility in the Paddock.

We have 94 marshals signed-on, so all passage checks will be manned and ALL cones observed. Some marshal positions are quite remote so please ensure that you are polite to them and don't forget to show your appreciation to them.

Please make sure you leave the paddock clean.

Finally, we hope to be able to run this event in future years, so please make sure your conduct at all times does nothing to bring this event or this sport into disrepute. So far, we have received a lot of public support for a motor sport event in the area, the first since 2010, so please ensure we are welcomed back next year.

Brian Jaggs, Event Director

Mark Andrews, Clerk of the Course
