

Signing up on Rally Stage Team

Thank you for volunteering to help with our rally...these instructions may help you navigate the Rally Stage Team (RST) website to register.

The instructions are based around signing up to our Clacton event, but would also work in a very similar way for Brands (but there would be less options).

Thank you for your patience with us using this system for the first time...the idea is it will be significantly easier for the Stage Commanders to help allocate and manage their stage teams nearer the time.

Welcome to RallyStageTeam

This website is designed to support marshalling for motorsport, enabling marshals to gain access to more events and providing events with access to more marshals.

We are continuing to develop this website to maximise the benefits to Marshals and Event Organisers. This means that Marshals get to know about more events and that events can be more safely run due to increased Marshal attendance. RallyStageTeam has already been used on many events, including Rally of Great Britain 2009, the Jim Clark Rally, Richard Burns Memorial Rally, Wales Rally GB since 2007, Circuit of Ireland IRC since 2012 and has proven to be a great success.

We need **your** help to make it successful, by encouraging Events and Marshals to sign up and use RST.

This site is free to register for Marshals and Events and holds details of over 14,000 Marshals, the majority of which are Online users of the System.

Date Selection

Please select the date and Stage that you would like to register to Marshal on. Available dates are shown in yellow below. You will also be able to see if any of your friends have registered for each Stage.

Where dates are shown in a blue background, this means that you have already registered for a Stage running on this date and cannot register for another on the same date.

Please note that you can only register for one Stage at a time. If you want to register for more than one Stage then you must select to register for another stage when prompted at the end of the process.

If there is an option to select a Stage/Venue listed as TBA - e.g. "Friday TBA", this means that the Event Organisers have either opted not to list specific venues at this time or you may select this and you will be assigned a venue by the Staffing Team. If the venue you require is not listed, you may request a specific Stage/Venue in the "Additional Notes" section on the last step of your registration and the Event Team will do their best to accommodate your request.

Sunday 23 April 2023

You then get a chance to select more specifically what you would like to sign up for. For most people for Clacton, you are looking for "Clacton Sea Front (SS1/2)" for the Saturday, and then whichever stage (or any) you would like to do on Sunday. *There is an additional issue for Clacton...you can only sign up for one day at a time on RST! Please complete the process for one day, then repeat for the other.*

Please note that you can only register for one Stage at a time. If you want to register for more than one Stage then you must select to register for another stage when prompted at the end of the process.

For Sunday, you can either select a particular stage, or if you are happy to marshal on any stage, please select "Any Stage on Sunday". Please note we can't absolutely guarantee to give you a specific stage as it depends on marshal numbers, but we will do our best!

For quick reference the stage commanders are below. They are generally the same as previous...the stages are running in reverse order to previous years.

- Bacons End (Simon Marks)
- Park Farm (Ian Evans)
- Burnt Heath (Graham Frary)
- Bradfield (Paul Rees)

Please note that you can only register for one Stage at a time. If you want to register for more than one Stage then you must select to register for another stage when prompted at the end of the process.

Your Group Attendance Information

In order to ensure you are allocated to Stages and Junctions with any friends you may be attending with, we need to gather a bit of information about how you will be attending this Event.

We manage this process by creating Groups of Marshals. For each Group there must be an allocated Group Leader, who will receive any information packs and passes (where required) on behalf of the Group. Groups may also contain Group Members.

Joining or forming Groups will help to ensure that you are allocated together by the Stage Team for the Event wherever possible.

Please tell us whether you are attending:

Dear Lucy,

Thank you very much for registering to Marshal on **BrandsHatch23**.

This is a system generated email to confirm that your request for **All Stages (Single Venue) Stage on 21/01/2023** has been updated to **ALLOCATED**.

Roles and Junction allocations for Radio, Recovery, Rescue and Medical staff are also being updated at this same time and you should check your status online by logging into www.RallyStageTeam.co.uk and clicking on My Events.

For regular Marshals, the Stage Commanders and their teams will be allocating Junctions and Roles in the next few weeks and again to you will notified by Email when these are updated on the system.

Please note that Junctions and Role may be changed at any time if circumstances change so please ensure you check the website regularly where you will also start to find more relevant information.

Please DO NOT reply to this email as the mailbox is not attended. If you need to contact the Event Staffing Officers, the Stage Team or us, please login to the website and click the Contact icon in My Events for the Event\Stage Teams or Contact RST in the main Menu Bar for website problems\questions.

Many thanks,

RallyStageTeam.co.uk

When you have registered, once the Chief Marshal has had opportunity to have a look at the website, they will look to make an initial allocation.

Please bear in mind this is liable to change until close to the event.

This email is the same wording for every event on the website so the wording may not make sense for the specific event...please just take it that the Chief Marshal has seen your registration.
